RE: DOCKET NUMBER 98P-0151/CP1

Gentlemen:

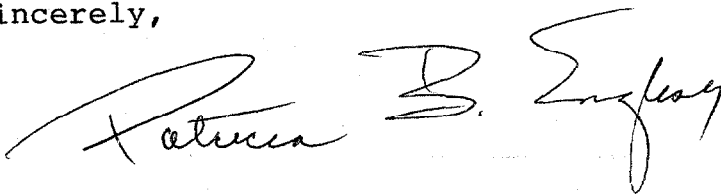

Up until 1998 and for five months of that year I spent a considerable amount of time in the United Kingdom. I saw first hand the horrendous conditions of the "Mad Cow Disease". I never imagined that we in the United States of America would ever face any situation as I believed that the USDA was far too strict within the livestock industry.

I received information that I was wrong.

Please, immediately petition to prohibit the slaughter of downed animals.

I am going to do everything within my power to notify as many people as I can to be aware of this very dangerous and inhumane situation.

Sincerely,

A handwritten signature in cursive script, reading "Patricia B. English". The signature is written in dark ink and is positioned below the word "Sincerely,".
